DIRECTOR'S NOTE

Welcome to Hadestown TE, a story that invites us into a world both ancient and modern, where love and resilience battle against forces of despair and power. At its heart, Hadestown is a tale of two intertwined love stories—the passionate yet fragile romance of Orpheus and Eurydice, and the enduring, complex bond between Hades and Persephone. These relationships unfold against a backdrop of a world grappling with the tension between nature and industry, a theme that feels profoundly relevant today.

While creating this piece, My team and I wanted to focus on these relationships and the ways they are so different from each other, while also celebrating the parallels between them. Orpheus and Eurydice embody youthful love, full of hope and creativity but vulnerable to hardship and doubt. Their journey highlights the fragility of trust and the eternal struggle to preserve love in a world that prioritizes profit over connection. Hades and Persephone, by contrast, reflect a seasoned, complicated love, weathering cycles of passion and estrangement, mirroring the rhythm of the seasons.

It was also important to me to highlight the differences in worlds we inhabit; Hades' industrial underworld, a kingdom of machinery and control, versus Persephone's vibrant, untamed spring above. This clash underscores our contemporary struggles—a world increasingly dominated by technology and consumption at the expense of our connection to the earth and each other.

But at its core, Hadestown is a story of hope. It reminds us that even in the darkest times, love and art have the power to challenge oppression, to reclaim humanity, and to envision a better world. The question is not just whether Orpheus can turn back and trust, but whether we, as a society, can look forward and trust in our ability to create a future where love, connection, and nature can thrive.

Thank you for joining us on our one of a kind telling of this beloved story. May the music of Orpheus inspire you, and may the resilience of these characters resonate in your hearts long after the final note is sung.

ABOUT HADESTOWN TEEN EDITION

This intriguing and beautiful folk opera delivers a deeply resonant and defiantly hopeful theatrical experience. Following two intertwining love stories – that of young dreamers Orpheus and Eurydice, and that of immortal King Hades and lady Persephone – HADESTOWN invites audiences on a hell-raising journey to the underworld and back. Inspired by traditions of classic American folk music and vintage New Orleans jazz, Mitchell's beguiling sung-through musical pits industry against nature, doubt against faith, and fear against love.
